Fund Type

An open-ended investment fund in U.S dollar-denominated fixed income instruments with a daily cumulative return.

Investment Policy

The fund aims to provide a liquid and flexible savings by diversifying its investments across various instruments and securities with multiple maturities and denominated in US dollars in the fixed-income securities market.

The fund's investments are allocated according to the following limits and ratios:

- U.S. dollar-denominated government treasury bills and bonds: up to a maximum of 100% of the Fund's net assets.
- Egyptian U.S. dollar-denominated sovereign bonds: up to a maximum of 90% of the Fund's net assets.
- Sukuk and corporate bonds denominated in U.S. dollars: up to a maximum of 40% of the Fund's net assets.
- U.S. dollar-denominated fixed income mutual funds, debt instruments, or money market instruments: up to a maximum of 30% of the Fund's net assets.
- U.S. dollar-denominated savings instruments held with banks: up to a maximum of 100% of the Fund's net assets.
